

# IIHMSP-2024 Call for Paper

## The 20th International Conference on Intelligent Information Hiding and Multimedia Signal Processing

October 4-6, 2024, Matsue, Japan

### Honorary Chairs

Lakhmi C. Jain, University of South Australia, Australia  
Chin-Chen Chang, Feng Chia University, Taiwan  
Jhing-Fa Wang, National Cheng Kung University, Taiwan

### Advisory Committee Chairs

Vaclav Snasel, Technical University of Ostrava, Czech Republic  
Yao Zhao, Beijing Jiaotong University, China  
Kebin Jia, Beijing University of Technology, China  
Tzu-Chuen Lu, Chaoyang University of Technology, Taiwan

### Conference Chairs

Junzo Watada, Waseda University, Japan  
Jeng-Shyang Pan, Nanjing University of Information Science and Technology, China  
Ching-Nung Yang, National Dong Hwa University, Taiwan  
Dong Seog Han, Kyungpook National University, Korea

### Program Committee Chairs

Naruki Shirahama, National Institute of Technology, Kitakyushu College, Japan  
Isao Echizen, National Institute of Informatics, Japan  
Chin-Shiuh Shieh, National Kaohsiung University of Science and Technology, Taiwan  
Tien-Wen Sung, Fujian University of Technology, China

### Program Committee Co-Chairs

Shaowei Weng, Fujian University of Technology, China  
Anand Paul, Kyungpook National University, Korea

### Publication Chairs

Shih-Pang Tseng, Changzhou College of Information Technology, China  
Pei Hu, Shandong University of Science and Technology, China

### Invited Session Chair

Trong The Nguyen, Vietnam National University, Vietnam

### Finance Chair

Yun-Chi Huang, Taiwan Ubiquitous Information Co., Ltd

### Local Organizing Chairs

Yoshiyuki Matsumoto, Shimonoseki City University, Japan  
Iori Nakaoka, Seijoh University, Japan

### Themes

Multimedia technologies facilitate the creation of global information infrastructure for acquiring, storing, communicating data with different forms. Proliferation of multimedia applications raises challenges such as multimedia security and privacy, big data in multimedia, and intelligence in multimedia processing. IIHMSP-2024 is an annual event serving as international forums for researchers and practitioners from information hiding and multimedia signal processing to exchange latest research outcomes. We invite submissions of original research papers for the conference tracks: Topics of interest include, but not to limited to:

#### Track I: Information Hiding and Security

- Watermarking: techniques, attacks, protocols, applications
- Steganography and steganalysis: techniques, protocols, applications
- Cryptography and cryptanalysis: techniques, protocols, applications
- Data authentication issues and access control themes
- Broadcast and public key encryption
- Forensic analysis and tracing traitors
- Digital rights management and legal aspect
- RFID security and home network privacy
- Platform integrity and trusted computing
- Systems engineering and development for information hiding & security
- ASIC/FPGA/GPGPU design and implementation for information hiding & security
- Enabling technologies and emerging standards for information hiding & security

#### Track II: Multimedia Signal Processing and Networking

- Multimedia sensing and sensory systems
- Multimedia source coding and channel coding
- Multimedia signal analysis and visualization
- Multimedia signal mining and data fusion
- Wired and wireless Multimedia networking and communication techniques
- Multimedia/multimodal signal interpretation and automatic recognition
- Multimedia databases and retrievals
- Multimedia hyperlink techniques and applications
- Advances in multimedia content description interfaces
- Multimedia big data
- Systems engineering and development for multimedia systems
- Enabling technologies and emerging standards for multimedia systems

#### Track III: Bio-Inspired Multimedia Technologies and Systems

- Artificial neural networks for multimedia processing: models, learning paradigms, architectures, and implementations
- Fuzzy systems and evolutionary computing for intelligent multimedia processing
- Human-machine multimodal interaction: e.g. face/speech recognition, facial expression and emotion categorization, gesture analysis and recognition, etc.

### Paper Submissions

Papers reporting original and unpublished research results on the above and related topics are solicited. For detailed paper format and submission instructions, please visit the conference website.

### Important Dates

Paper submission deadline: **June 15, 2024**  
Acceptance notification: **June 30, 2024**  
Registration & Camera-ready papers due: **July 15, 2024**

### Publication

The conference proceedings will be published in the book series of *Smart Innovation, Systems and Technologies* by Springer. Normally, papers in this series are indexed by EI and Scopus.
